Subject index

A

Abuse potential, evaluation of nalbuphine for (Jasinski and Mansky), 78
Acetaminophen and phenacetin, effect of aspirin, caffeine, and codeine on metabolism of (Thomas et al.), 906
Acid excretion in man, acute effects of metolazone on (Smiley et al.), 336
phosphatase content of semen in clinical bioassay of androgens and antiandrogens (Kent et al.), 205
Adrenergic function in man, effects of lithium on (Fann et al.), 71
β-Adrenergic blockade and plasma propranolol level, effect of route of administration on relationship between (Cleveland and Shand), 181
blocker, new (MK 950), and propranolol, comparison of, in man (Ulrych et al.), 232
Advisory-review committees, significance of, during clinical investigations of drugs (McCawley et al.), 299
Allergic reaction to procarbazine (Lokich and Moloney), 573
Amantadine and levodopa in treatment of Parkinson's disease (Walker et al.), 28
treatment of parkinsonism by (Mawdsley et al.), 575
American Society for Clinical Pharmacology and Therapeutics
Program for Seventy-third Annual Meeting, 130
Abstracts of papers, 135
Aminophylline, adjustment of clinical dose of, application of pharmacokinetics of theophylline to (Jenne et al.), 349
d-Amphetamine, effects of, on quantitative measures of motor performance (Domino et al.), 251
Ampicillin and cloxacillin, levels of, in synovial fluid, effect of protein binding on (Howell et al.), 724
and nalidixic acid, absorption of, by infants and children with acute shigellosis (Nelson et al.), 879
Analgesic and other effects of nalmexone in man (Forrest et al.), 520
Androgens and antiandrogens, seminal acid phosphatase content in clinical bioassay of (Kent et al.), 205
Aniline and ethylmorphine, metabolism of, in human fetal liver (Rane and Ackermann), 663
Announcements, 625
Antibacterial drugs, adventures with (Finland), 469
Anticoagulation, oral, with phenprocoumon, influence of nitrazepam on (Bieger et al.), 361
Anticonvulsant levels in plasma, effect of methylphenidate on (Kupferberg et al.), 201
Anti-inflammatory drugs, delay of erythema of human skin by, after ultraviolet irradiation (Gruber et al.), 109
Anxiety, effect of lorazepam on, content analysis of speech samples to determine (Gottschalk et al.), 323
Arrhythmias, treatment of, with pindolol (Aronow and Uyeyama), 15
with tolamidol (Aronow et al.), 856
Asparaginase, comparison of crystalline and amorphous, in treatment of acute leukemia in children (Pratt and Verzosa), 343
Aspirin absorption in man, effect of activated charcoal on (Levy and Tsuchiya), 317
caffeine, and codeine, effect of, on metabolism of phenacetin and acetaminophen (Thomas et al.), 906
effect of, on serum indomethacin (Champion et al.), 239
thrombelastography of human blood after (Hawkins), 274

B

Beta blockade, correlation of, with serum practolol levels after oral administration (Schneck et al.), 685
Bile, excretion of hepatotoxic laxative preparation in, in man (Dujovne and Shoeman), 602
Biologic availability of tetracycline products in man, assessment of (Barr et al.), 97
Biostatistics, clinical (*See under* Clinical biostatistics)
Blood cell, red, human, uptake and metabolism of catecholamines by (Danon and Sapira), 916
human, thrombelastography of, after aspirin (Hawkins), 274
penicillin half-life in, effect of some drugs on (Kampmann et al.), 516
pressure, effect of guancydine on, in essential hypertension (Russo and Mendlowitz), 875

January-February, pp. 1-156; March-April, pp. 157-298; May-June, pp. 299-462; July-August, pp. 463-626; September-October, part 1, pp. 627-768; part 2, pp. 769-840; November-December, pp. 841-986.

Books received, 298, 626, 969
Boxidine, effects of, on human serum sterols and neoplasms (Gailani et al.), 91

C

Caffeine, codeine, and aspirin, effect of, on metabolism of phenacetin and acetaminophen (Thomas et al.), 906
Calcium, effect of triamterene on renal clearance of (Walker et al.), 245
Cancer, advanced, absorption and metabolism of dibromodulcitol in patients with (Belej et al.), 563
Capuride, monoureide hypnotic, absorption and excretion of (Johnson et al.), 377
Cardiovascular effects of delta-9-tetrahydrocannabinol in man (Weiss et al.), 671
Catecholamines, uptake and metabolism of, by human red blood cell (Danon and Sapira), 916
Cephacetrile pharmacokinetics, effect of renal failure and hemodialysis on (Nissenson et al.), 887
Cerebral dehydration action of glycerol: historical aspects with emphasis on toxicity and intravenous administration (Tourtellotte et al.), 159
Charcoal, activated, effect of, on aspirin absorption in man (Levy and Tsuchiya), 317
Chemotherapy, combination, for advanced Hodgkin's disease in relapse following extensive radiotherapy (Canellos et al.), 750
Chloral hydrate and ethanol, interaction of, in man; hemodynamics and performance (Sellers et al.), 50
metabolism (Sellers et al.), 37
Chlorpromazine, physiologic and clinical effects of, and their relationship to plasma level (Sakalis et al.), 931
Chlorpropamide, pharmacokinetics and biotransformation of, in man (Taylor), 710
Clindamycin-2-phosphate, absorption and excretion of, in children after intramuscular injection (Kauffman et al.), 704
Clinical biostatistics (Feinstein)
XIII. On hemogeneity, taxonomy, and nosography, 114
XIV. The purposes of prognostic stratification, 285
XV. The process of prognostic stratification (Part 1), 442
XVI. The process of prognostic stratification (Part 2), 609
XVII. Synchronous partition and bivariate evaluation in predictive stratification, 755
XVIII. The clofibrate trials: another dispute about contratrophic therapy, 953
Clinical pharmacology and human volunteer (Proceedings of first Deer Lodge Conference on Clinical Pharmacology), 769-840
in pediatrics (Shirkey), 827
Clinical research in prisons, changing profile and conditions surrounding (Estelle), 813
Clofibrate trials: another dispute about contratrophic therapy (Feinstein) (Clin. biostat.), 953
Cloxacillin and ampicillin, levels of, in synovial fluid, effect of protein binding on (Howell et al.), 724
Codeine, aspirin, and caffeine, effect of, on metabolism of phenacetin and acetaminophen (Thomas et al.), 906
Cognitive dysfunctioning, marihuana-induced, effects of propranolol on (Drew et al.), 526
Compliance and medication errors in ambulant patients, review of (Stewart and Cluff), 463
Consent as guideline for accepting volunteers (Morris), 782
Discussion (Moraczewski), 787
Discussion (Carr), 796
Contraceptive steroids, oral, impairment of human drug metabolism by (O'Malley et al.), 552
Contratrophic therapy, another dispute about, in clofibrate trials (Feinstein) (Clin. biostat.), 953
Correspondence
Propranolol (George and Dollery), 458
Serum digitoxin in uremic patients (Shoeman and Azarnoff), 460
Sodium bicarbonate and oral tetracycline (Elliott and Armstrong), 459
Cortisol and adrenal response to adrenocorticotropin in man, effect of lithium on (Halmi et al.), 699
response, plasma, altered, in patients on methadone maintenance (Renault et al.), 269

D

Daunorubicin metabolism in acute nonlymphocytic leukemia (Huffman et al.), 895
Decarboxylase, peripheral aromatic L-amino acids, inhibitor in parkinsonism; effect on metabolism of L-2-^{14}C-dopa (Bianchine et al.), 584
Deer Lodge Conference on Clinical Pharmacology, proceedings of first: Clinical pharmacology and the human volunteer, 769-840
Research Unit (Moore), 833

Depressed patients, methylphenidate in (Rickels et al.), 595
Dexamethasone, effects of single large intravenous injection of (Czerwinski et al.), 638
Diabetic patients, hyperkalemia after triamterene in (Walker et al.), 643
Diazepam, determination of bioavailability of, in various formulations from steady state plasma concentration data (Berlin et al.), 733
Dibromodulcitol, absorption and metabolism of, in patients with advanced cancer (Belej et al.), 563
Digitalis intoxication, acute, intravenous triamterene in treatment of (Weber), 868
Digitoxin kinetics in patients with impaired renal function (Rasmussen et al.), 6
serum, in uremic patients (Shoeman and Azarnoff) (Correspondence), 460
Diphenylhydantoin, plasma protein binding of, in patients with epilepsy; agreement between unbound fraction in plasma and concentration in CSF (Lund et al.), 196
Diphenoxylate, pharmacokinetics and metabolism of, in man (Karim et al.), 407
Doctor-patient relationship and drug effect (Freund et al.), 172
L-2-^{14}C-Dopa, metabolism of, effect of peripheral aromatic L-amino acids decarboxylase inhibitor in parkinsonism on (Bianchine et al.), 584
Dosage schedules, blind comparison of once-daily and twice-daily, in methadone program (Goldstein), 59
Drug(s), antibacterial, adventures with (Finland), 469
clinical investigations of, significance of advisory-review committees during (McCawley et al.), 299
defaulter (Blackwell), 841
effect and doctor-patient relationship (Freund et al.), 172
of some, on penicillin half-life in blood (Kampmann et al.), 516
given to man for first time (Blackwell), 812
Discussion (Martz), 824
metabolism, human, impairment of, by oral contraceptive steroids (O'Malley et al.), 552
studies, physiologic factors in selecting human volunteers for (Azarnoff), 796

E

Electrolyte excretion in man, acute effects of metolazone on (Smiley et al.), 336
Erythema of human skin, delay of, by anti-inflammatory drugs after ultraviolet irradiation (Gruber et al.), 109
Ethanol and chloral hydrate, interaction of, in man; hemodynamics and performance (Sellers et al.), 50
metabolism (Sellers et al.), 37
Ethchlorvynol intoxication, oil dialysis for (Welch et al.), 745
Ethical implications in accepting volunteers (Morris), 782
Discussion (Moraczewski), 787
Discussion (Carr), 796
Ethylmorphine and aniline, metabolism of, in human fetal liver (Rane and Ackermann), 663
Experimental subject, motivations and rewards for volunteering to be (Ayd), 771
Discussion (Calabresi), 779

F

Fibrinolytic activity and thromboembolism (Boyles), 534
First time drug is given to man (Blackwell), 812
Discussion (Martz), 824
Flucloxacillin: new semisynthetic isoxazolyl penicillin (Bodey et al.), 512

G

Glucuronide, salicyl phenolic, formation, limited capacity for, and its effect on kinetics of salicylate elimination in man (Levy et al.), 258
Glycerol, cerebral dehydration action of: historical aspects with emphasis on toxicity and intravenous administration (Tourtellotte et al.), 159
Guancydine, effect of, on blood pressure, vascular reactivity, and norepinephrine uptake in essential hypertension (Russo and Mendlowitz), 875
Guidelines for accepting volunteers: consent, ethical implications, and function of peer review (Morris), 782
Discussion (Moraczewski), 787
Discussion (Carr), 796

H

Hemodialysis, effect of, on cephacetrile pharmacokinetics (Nissenson et al.), 887
Hepatotoxic laxative preparation, toxicity of, in tissue culture and excretion in bile in man (Dujovne and Shoeman), 602
Hodgkin's disease, advanced, combination chemotherapy for, in relapse following extensive radiotherapy (Canellos et al.), 750

Human volunteer and clinical pharmacology (Proceedings of first Deer Lodge Conference on Clinical Pharmacology), 769-840
Hydralazine plasma concentration, relation of, to dosage and hypotensive action (Zacest and Koch-Weser), 420
Hydrolysis, procaine, rate of, in serum of normal subjects and diseased patients (Reidenberg et al.), 279
Hyperkalemia after triamterene in diabetic patients (Walker et al.), 643
Hypertension, controllable disease (Freis), 627
essential, effect of guancydine on blood pressure, vascular reactivity, and norepinephrine uptake in (Russo and Mendlowitz), 875
Hypnotic, monoureide (capuride), absorption and excretion of (Johnson et al.), 377
Hypoprothrombinemia, warfarin-induced, enhancement of, by triclofos (Sellers et al.), 911
Hypotensive action of hydralazine, relation to plasma concentration dosage (Zacest and Koch-Weser), 420

I

Indomethacin in serum, effect of aspirin on (Champion et al.), 239
Indoramin, pharmacologic studies of, in man (Royds et al.), 380
Isotopes, stable, use of, in pharmacology-clinical pharmacology (Knapp and Gaffney), 307

L

Laxative preparation, hepatotoxic, toxicity of, in tissue culture and excretion in bile in man (Dujovne and Shoeman), 602
Leukemia, acute, in children, comparison of crystalline and amorphous asparaginase in treatment of (Pratt and Verzosa), 343
nonlymphocytic, daunorubicin metabolism in (Huffman et al.), 895
Levodopa and amantadine in treatment of Parkinson's disease (Walker et al.), 28
Levodopa and pressor amine sensitivity in parkinsonism (Reid et al.), 400
Levodopa, treatment of parkinsonism by (Mawdsley et al.), 575
methyldopa as adjunct to (Sweet et al.), 23
Lithium, effects of, on adrenergic function in man (Fann et al.), 71
on plasma cortisol and adrenal response to adrenocorticotropin in man (Halmi et al.), 699
ratios, intra:extracellular, and clinical course in affective states (Elizur et al.), 947
Liver, human fetal, metabolism of ethylmorphine and aniline in (Rane and Ackermann), 663
microsomal monooxygenase system in; distribution in different centrifugal fractions (Ackermann et al.), 652
Lorazepam, effect of, on anxiety, content analysis of speech samples to determine (Gottschalk et al.), 323

M

Magnesium, effect of triamterene on renal clearance of (Walker et al.), 245
Marihuana-induced cognitive dysfunctioning, effects of propranolol on (Drew et al.), 526
metabolites in urine of man (Hollister et al.), 849
Measurin, measurement of; problems of oral prolonged-action medications (Hollister), 1
Medication errors and compliance in ambulant patients, review of (Stewart and Cluff), 463
Mentally retarded patients on differing drug regimens, serum organochlorine pesticides in (Watson et al.), 186
Methadone, disposition of, in man after single oral dose (Inturrisi and Verebely), 923
maintenance, altered plasma cortisol response in patients on (Renault et al.), 269
plasma levels of, in methadone maintenance (Inturrisi and Verebely), 633
program, blind comparison of once-daily and twice-daily dosage schedules in (Goldstein), 59
urinary excretion of, in man (Baselt and Casarett), 64
Methaqualone, plasma levels and absorption of, after oral administration to man (Morris et al.), 719
Methyldopa as adjunct to levodopa treatment of Parkinson's disease (Sweet et al.), 23
Methylphenidate, effect of, on plasma anticonvulsant levels (Kupferberg et al.), 201
in mildly depressed outpatients (Rickels et al.), 595
Metolazone, acute effects of, and electrolyte and acid excretion in man (Smiley et al.), 336
Microsomal monooxygenase system in human fetal liver; distribution in different centrifugal fractions (Ackermann et al.), 652
Minoxidil, pharmacokinetic studies of (Gottlieb et al.), 436
Monoureide hypnotic (capuride), absorption and excretion of (Johnson et al.), 377

Motivations and rewards for volunteering to be experimental subject (Ayd), 771
Discussion (Calabresi), 779
Motor performance, quantitative measures of, effects of *d*-amphetamine on (Domino et al.), 251
Muscle relaxants, evaluation of, in tetanus (Tikare et al.), 193

N

Nalbuphine, evaluation of, for abuse potential (Jasinski and Mansky), 78
Nalidixic acid and ampicillin, absorption of, by infants and children with acute shigellosis (Nelson et al.), 879
Nalmexone, analgesic and other effects of, in man (Forrest et al.), 520
Neoplasms and sterols, human, effects of boxidine on (Gailani et al.), 91
Nitrazepam, influence of, on oral anticoagulation with phenprocoumon (Bieger et al.), 361
Norepinephrine uptake, effect of guancydine on, in essential hypertension (Russo and Mendlowitz), 875
Nucleic acid synthesis, effect of triamterene on (Chang and Hall), 372

O

Oil dialysis for ethchlorvynol intoxication (Welch et al.), 745
Organochlorine pesticides in serum of mentally retarded patients on differing drug regimens (Watson et al.), 186

P

Parkinsonism, amantadine and levodopa in treatment of (Walker et al.), 28
levodopa and pressor amine sensitivity in (Reid et al.), 400
treatment of, methyldopa as adjunct to (Sweet et al.), 23
peripheral aromatic L-amino acids decarboxylase inhibitor in; effect on metabolism of L-2-^{14}C-dopa (Bianchine et al.), 584
treatment of, by amantadine and levodopa (Mawdsley et al.), 575
Pediatrics, clinical pharmacology in (Shirkey), 827
Peer review in accepting volunteers (Morris), 782
Discussion (Moraczewski), 787
Discussion (Carr), 796
Penicillin half-life in blood, effect of some drugs on (Kampmann et al.), 516
new semisynthetic isoxazolyl (flucloxacillin) (Bodey et al.), 512
Pentobarbital, quantified human sleep after (Kay et al.), 221
Pharmacology-clinical pharmacology, use of stable isotopes in (Knapp and Gaffney), 307
Phase I studies, scientific rationale for choosing patients rather than normal subjects for (Oates), 809
Phenacetin and acetaminophen, effect of aspirin, caffeine, and codeine on metabolism of (Thomas et al.), 906
Phenprocoumon, oral anticoagulation with, influence of nitrazepam on (Bieger et al.), 361
Phosphate, effect of triamterene on renal clearance of (Walker et al.), 245
Physiologic factors in selecting human volunteers for drug studies (Azarnoff), 796
Pindolol, treatment of arrhythmias with (Aronow and Uyeyama), 15
Plasma concentration plateaus, rapidly achieved, with observations on theophylline kinetics (Mitenko and Ogilvie), 329
protein binding of diphenylhydantoin in patients with epilepsy; agreement between unbound fraction in plasma and concentration in CSF (Lund et al.), 196
urea kinetics in urea infusion (Yarnell et al.), 558
Practolol levels in serum, correlation of beta blockade with, after oral administration (Schneck et al.), 685
Prediction of therapeutic uses of psychotherapeutic drugs from experiences with normal volunteers (Hollister), 803
Prednisone, acute adverse reactions to, in relation to dosage (Boston Collaborative Drug Surveillance program), 694
Pressor amine sensitivity and levodopa in parkinsonism (Reid et al.), 400
Prisons, changing profile and conditions surrounding clinical research in (Estelle), 831
Procainamide, metabolism of, in rhesus monkey and man (Dreyfuss et al.), 366
Procaine hydrolysis, rate of, in serum of normal subjects and diseased patients (Reidenberg et al.), 279
Procarbazine, allergic reaction to (Lokich and Moloney), 573
Proceedings of First Deer Lodge Conference on Clinical Pharmacology, other participants, 840
Prognostic stratification, purposes of (Feinstein) (Clin. biostat.) 285
process of (Feinstein) (Clin. biostat.), 442, 609
Prolonged-action medications, problems of measuring (Hollister), 1
Propranolol (George and Dollery) (Correspondence), 458

Propranolol—Cont'd
effects of, on marihuana-induced cognitive dysfunctioning (Drew et al.), 526
level, plasma, and β-adrenergic blockade, effect of route of administration on relationship between (Cleaveland and Shand), 181
and new β-adrenergic blocker (MK 950), comparison of, in man (Ulrych et al.), 232
Propantheline, metabolism of, in man (Beermann et al.), 212
Protein binding, effect of, on levels of ampicillin and cloxacillin in synovial fluid (Howell et al.), 724
Psychotherapeutic drugs, prediction of therapeutic uses of, from experiences with normal volunteers (Hollister), 803
Pyridostigmine metabolism in man (Somani et al.), 393

R

Rationale, scientific, for choosing patients rather than normal subjects for Phase I studies (Oates), 809
Renal clearance of calcium, magnesium, phosphate, and uric acid in man, effect of triamterene on (Walker et al.), 245
failure and hemodialysis, effect of, on cephacetrile pharmacokinetics (Nissenson et al.), 887
function, impaired, digitoxin kinetics in patients with (Rasmussen et al.), 6
Research Unit, Deer Lodge (Moore), 833
Rewards and motivations for volunteering to be experimental subject (Ayd), 771
Discussion (Calabresi), 779

S

Salbutamol, clinical pharmacology of oral and inhaled (Walker et al.), 861
Salicyl phenolic glucuronide formation, limited capacity for, and its effect on kinetics of salicylate elimination in man (Levy et al.), 258
Salicylate elimination in man, kinetics of, effect of limited capacity for salicyl phenolic glucuronide formation on (Levy et al.), 258
Salicylazosulfapyridine, absorption, metabolism, and excretion of, in man (Schröder and Campbell), 539
Seminal acid phosphatase content in clinical bioassay of androgens and antiandrogens (Kent et al.), 205
Shigellosis, acute, absorption of ampicillin and nalidixic acid by infants and children with (Nelson et al.), 879
human, quantified, after pentobarbital (Kay et al.), 221
Sleep patterns, human, effects on, of delta-9-tetrahydrocannabinol and synhexl (Pivik et al.), 426
Sodium bicarbonate and oral tetracycline (Elliott and Armstrong) (Correspondence), 459
Speech samples, content analysis of, to determine effect of lorazepam on anxiety (Gottschalk et al.), 323
Steroids, oral contraceptive, impairment of human drug metabolism by (O'Malley et al.), 552
Sterols and neoplasms, human, effects of boxidine on (Gailani et al.), 91
Stratification, predictive, synchronous partition and bivariate evaluation in (Feinstein) (Clin. biostat.) 755
prognostic, process of (Feinstein) (Clin. biostat.), 609
purposes of (Feinstein) (Clin. biostat.), 285
Synhexl and delta-9-tetrahydrocannabinol, effects on human sleep patterns (Pivik et al.), 426
Synovial fluid, effect of protein binding on levels of ampicillin and cloxacillin in (Howell et al.), 724

T

Tetanus, evaluation of muscle relaxants in (Tikare et al.), 193
Tetracycline, oral, and sodium bicarbonate (Elliott and Armstrong) (Correspondence), 459
products, biologic availability of, in man, assessment of (Barr et al.), 97
Δ-9-Tetrahydrocannabinol, cardiovascular effects of, in man (Weiss et al.), 671
and synhexl, effects on human sleep patterns (Pivik et al.), 426
Theophylline kinetics, observations on, in study of rapidly achieved plasma concentration plateaus (Mitenko and Ogilvie), 329
pharmacokinetics of; application to adjustment of clinical dose of aminophylline (Jenne et al.), 349
Therapeutics, nonpharmacologic basis of (Mazzullo), 157 (Editorial)
Thrombelastography of human blood after aspirin (Hawkins), 274
Thromboembolism and fibrinolytic activity (Boyles), 534
Tolamidol, treatment of arrhythmias with (Aronow et al.), 856
Triamterene, effect of, on nucleic acid synthesis (Chang and Hall), 372
on renal clearance of calcium, magnesium, phosphate, and uric acid in man (Walker et al.), 245

Triamterene—Cont'd
hyperkalemia after, in diabetic patients (Walker et al.), 643
intravenous, in treatment of acute digitalis intoxication (Weber), 868
Triclofos, enhancement of warfarin-induced hypoprothrombinemia by (Sellers et al.), 911

U

Ultraviolet irradiation, delay of erythema of human skin by anti-inflammatory drugs after (Gruber et al.), 109
Urea infusion, plasma urea kinetics in (Yarnell et al.), 558
kinetics, plasma, in urea infusion (Yarnell et al.), 558
Uremic patients, serum digitoxin in (Shoeman and Azarnoff) (Correspondence), 460
Uric acid, effect of triamterene on renal clearance of (Walker et al.), 245
Urinary excretion of methadone in man (Baselt and Casarett), 64
Urine of man, marihuana metabolites in (Hollister et al.), 849

V

Vascular reactivity, effect of guancydine on, in essential hypertension (Russo and Mendlowitz), 875
Volunteer(s), guidelines for accepting: consent, ethical implications, and function of peer review (Morris), 782
Discussion (Moraczewski), 787
Discussion (Carr), 796
human, and clinical pharmacology (Proceedings of first Deer Lodge Conference on Clinical Pharmacology), 769-840
physiologic factors in selecting, for drug studies (Azarnoff), 796
normal, prediction of therapeutic uses of psychotherapeutic drugs from experiences with (Hollister), 803
Volunteering to be experimental subject, motivations and rewards for (Ayd), 771
Discussion (Calabresi), 779

W

Warfarin-induced hypoprothrombinemia, enhancement of, by triclofos (Sellers et al.), 911
